# Editing your registration

The screenshot shows the LISEF website header with navigation links: HOME, FAIRS, ABOUT, ETHICS, CONTACT, and a search icon. Below the header is a banner image of a conference with the text "LISEF Judge Dashboard". A breadcrumb trail reads "Home » LISEF Judge Dashboard". The user is logged in, with a text box for the name and a "Logout" link. A dark blue sidebar menu is open, listing options: Judge (with a dropdown arrow), Edit Registration, LISEF Categories, Day One Abstracts, Print Day 2 Invitees, My Account, and Logout (with an external link icon). A yellow arrow points to the "Edit Registration" option.

# To view how LISEF has blended ISEF categories (can view category and subcategory descriptions)

The screenshot displays the LISEF website interface. At the top, a banner image shows a group of people in a meeting, with the text "LISEF Categories" overlaid. Below the banner, the navigation bar includes "Home » LISEF Categories" on the left and "Logged in as: [input field] Logout" on the right. A dark blue sidebar on the left contains a menu with the following items: "Judge ▲", "Edit Registration", "LISEF Categories" (highlighted with a yellow arrow), "Day One Abstracts", "Print Day 2 Invitees", "My Account", and "Logout". The main content area on the right lists three categories: "ANIMAL SCIENCES (ANIM)", "Animal Behavior (BEH)", and "Cellular Studies (CEL)", each followed by a brief description. The "Development (DVA)" category is also listed at the bottom.

### ANIMAL SCIENCES (ANIM)

This category includes all aspects of animals and animal life, animal life cycles, and animal interactions with one another or with their environment. Examples of investigations included in this category would involve the study of the structure, physiology, development, and classification of animals, animal ecology, animal husbandry, entomology, ichthyology, ornithology, and herpetology, as well as the study of animals at the cellular and molecular level which would include cytology, histology,

#### Animal Behavior (BEH)

The study of animal activities which includes investigating animal interactions within and between species or an animal's response to environmental factors. Examples are animal communication, learning, and intelligence, rhythmic functions, sensory preferences, pheromones, and environmental effects on behaviors, both naturally and experimentally induced.

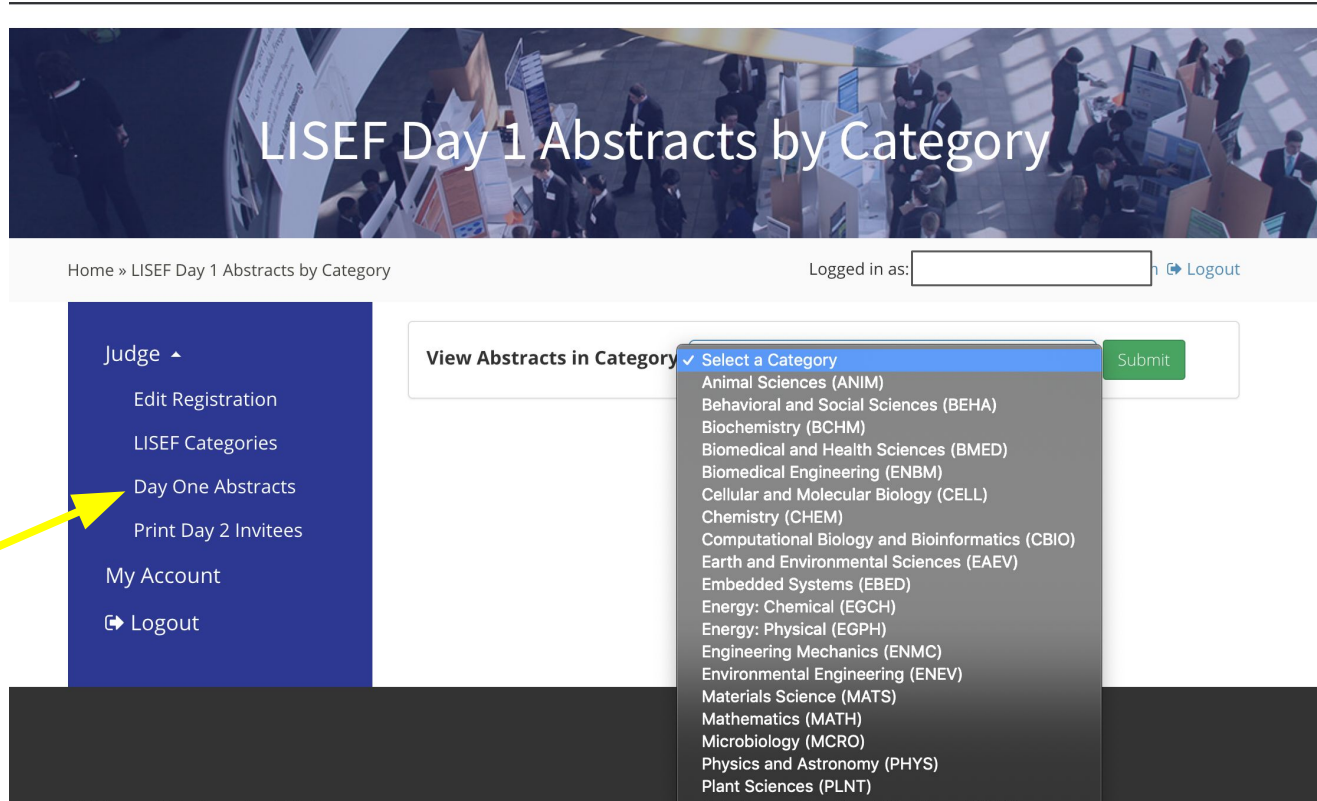

#### Cellular Studies (CEL)

The study of animal cells involving the use of microscopy to study cell structure and studies investigating activity within cells such as enzyme pathways, cellular biochemistry, and synthesis pathways for DNA, RNA, and protein.

#### Development (DVA)

The study of an organism from the time of fertilization through birth or hatching and into later life. This includes cellular and molecular aspects of fertilization, development, regeneration, and environmental

# View Day 1 Abstracts for your assigned category

The screenshot displays the LISEF Day 1 Abstracts by Category web application. At the top, a banner image shows a busy conference hall with the text "LISEF Day 1 Abstracts by Category" overlaid. Below the banner, the navigation bar includes "Home » LISEF Day 1 Abstracts by Category" and a login section with the text "Logged in as:" followed by a text input field and a "Logout" link.

On the left, a dark blue sidebar menu contains the following items: "Judge" (with a dropdown arrow), "Edit Registration", "LISEF Categories", "Day One Abstracts" (highlighted with a yellow arrow), "Print Day 2 Invitees", "My Account", and "Logout" (with an external link icon).

The main content area features a section titled "View Abstracts in Category" with a dropdown menu. The dropdown is open, showing a list of scientific categories. The first item, "Select a Category", is highlighted in blue. The list includes: Animal Sciences (ANIM), Behavioral and Social Sciences (BEHA), Biochemistry (BCHM), Biomedical and Health Sciences (BMED), Biomedical Engineering (ENBM), Cellular and Molecular Biology (CELL), Chemistry (CHEM), Computational Biology and Bioinformatics (CBIO), Earth and Environmental Sciences (EAEV), Embedded Systems (EBED), Energy: Chemical (EGCH), Energy: Physical (EGPH), Engineering Mechanics (ENMC), Environmental Engineering (ENEV), Materials Science (MATS), Mathematics (MATH), Microbiology (MCRO), Physics and Astronomy (PHYS), Plant Sciences (PLNT), and Relativistic Astrophysics and Cosmology (RAC).

To the right of the dropdown menu is a green "Submit" button.

# If you wish to see which projects advanced to Day 2

The screenshot shows the LISEF website header with navigation links: HOME, FAIRS, ABOUT, ETHICS, CONTACT, and a search icon. Below the header is a banner image with the text "LISEF Judge Dashboard". Under the banner, there is a breadcrumb trail "Home » LISEF Judge Dashboard" and a login status "Logged in as:" followed by a text input field and a "Logout" link. A dark blue sidebar menu is open, showing options: "Judge" (with a dropdown arrow), "Edit Registration", "LISEF Categories", "Day One Abstracts", "Print Day 2 Invitees", "My Account", and "Logout". A yellow arrow points from the text "Will display the day AFTER Round 1" to the "Print Day 2 Invitees" option in the sidebar menu.
